

RECYCLING MADE EASIER!

Starting Dec. 1

The City of McKinney is changing to an automated cart pick up system for recycling.

Customers will begin receiving the Blue 65-gallon recycle cart in November. Collection begins December 1.

Collection day

Recycling Collection day will remain the same as the garbage pick up Day.

Please place your new 65-gallon recycle cart approximately 2 feet from your trash cart.

Old 18-gallon bins

Please continue using the 18-gallon bins until December 1.

Your 18-gallon bin will be picked up the first two weeks of December. Please place the empty 18-gallon bin by the new carts on collection day.

BIGGER!

NEW, LARGER SIZE

Your new recycle container will have a 65-gallon capacity - more than three-and-a-half times larger than your current bin - and it takes up about the same amount of floor space.

VERSATILE!

ACCEPTING NEW ITEMS

We are now accepting Plastics 1-7, cardboard and chipboard (CEREAL & FOOD BOXES) in the new containers. Please reference the complete list ON THE REVERSE SIDE.

EASIER!

MIXABLE ITEMS

You can now mix the recyclable items directly in the recycle container just like you do with your trash - no more need to separate by material!

MOVEABLE!

Simple to move

Your new container will be equipped with durable wheels (and a lid) to make your trip to the curb quicker and easier.

Cart is the property of IESI and should remain with the house if you move.
